

MetaScape 7 Series

High Performance Calendered Sign Vinyl with 'MetaScape' Adhesive System

Product Description

For faster, trouble-free applications MetaScape 7 Series offers ease of application by providing air with an exit route from under the graphic. MetaScape 7 Series is a high performance calendered vinyl developed for computer-cut graphics for vehicles, window decals, and long term applications onto flat or slightly curved surfaces. The soft handle 70 micron face film offers ease of weeding. The product also benefits from a layflat PE liner. Exterior durability is 8 years for black and white, 7 years for colours and 5 years for metallic colours.

Typical Applications

- The range offers excellent cutting and weeding characteristics, and exterior durability of up to 8 years making it ideal for use on external applications including vehicle graphics and exterior sign applications.

Application Guidelines

- Suitable for dry application only.
- Apply unstressed, in particular to curves and recesses. It is not suitable for application over rivets or complex recesses.
- Not recommended for use on low energy surfaces such as polypropylene. The user should determine suitability of all substrates – refer to www.metamark.co.uk/technical for advice on application surfaces.
